

ABOUT THIS COFFEE

At Finca Buenos Aires, Martín Bedoya continues a family legacy while shaping the future of specialty coffee in Quindío. As a new-generation Producer, Martín combines years of accumulated knowledge with a commitment to innovation, quality, and continuous improvement.

This Geisha Natural is deeply connected to the unique environment in which it is produced. Located in one of Colombia's most famous coffee landscapes, the Farm benefits from exceptional natural conditions highlighted by the Soil of Excellence program, an initiative that recognizes and studies the world's most remarkable coffee terroirs. Rich volcanic soils, favorable altitude, Biodiversity, and distinctive climatic conditions create the foundation for coffees of extraordinary complexity and character.

Through careful cultivation and a naturally processed method managed with precision, Martín reveals the full potential of the Geisha variety and the surrounding Terroir.
